

# ANNUAL IMPACT REPORT 2018

In 2018, MIOCA moved the needle to improve the health and quality of life for women and girls with ovarian cancer through its five-pronged approach of **Awareness and Education**, **Survivor Support**, **Advocacy** and **Research**.

## AWARENESS AND EDUCATION

### 🎓 EDUCATING FUTURE HEALTH PROFESSIONALS

As statewide facilitators of the *Survivors Teaching Students: Saving Women's Lives®* Program of the Ovarian Cancer Research Alliance, MIOCA teams educated **1,273 future healthcare professionals** (medical, nursing, or other allied health professional students) at 13 schools throughout Michigan.

### 📍 PUBLIC EVENTS

Over **4,000 individuals participated in awareness-raising events** throughout the state including Wheels and Teal, Shake Your Teal Feathers, Teal Track & Trail, Tie Michigan Teal, and Teal Attack.

### ★ PROGRAMS/OUTREACH

Through outreach programs including survivor days, lunch and learns, and its' SPEAK (Survivors Promoting Early Awareness and Knowledge) program, MIOCA reached community members in **churches, hospitals, and community centers throughout the state** including Detroit, Flint, St. Claire Shores, Ann Arbor, and Maybee.

## SURVIVOR SUPPORT

MIOCA provided support to ovarian cancer survivors at individual and group levels:

 Survivor Support Totes containing gifts and helpful information for women in treatment were **distributed to 80 ovarian cancer survivors.**

 **35 survivors, representing 236.5 years of survivorship,** participated in the 2018 MIOCA Meet and Greet for a day of sharing and support.

 MIOCA helped facilitate **4 monthly support groups** to ensure women throughout the state have access to a network of community support.

*"I received the package from you and wanted to say thank you. I appreciated all the goodies you included....I had my first chemo last Tuesday and haven't been feeling the greatest... **The support from associations like MIOCA is priceless.** I know I have just started and have a long road ahead, but have faith with support I can handle this." —Jane, Survivor and Tote Recipient*

*"What a wonderful and unexpected treat! Wow! From the tote bag to the t-shirt and blanket... From the packet with personal stories, pad of paper, and bracelet... I adore each and every item... **I feel so blessed to have such dear, loving, caring teal sisters! You've touched my heart... Thank you tons.** You guys are the best!" —Yolanda, Survivor and Tote Recipient*

## ADVOCACY

 MIOCA representatives continued to be active at both the state and national levels, educating legislators about the importance of funding for ovarian cancer research, and support for survivors.

With a scholarship from MIOCA, **Meagan Zoodsma was one of 9 MIOCA representatives** who traveled to Washington, D.C. in March 2018 to advocate for improved access to care and funding for ovarian cancer research. Meagan was only 9 years old when she was diagnosed with ovarian cancer and was told she had seven days to live. Following chemotherapy, a hysterectomy, and removal of an ovary, she amazingly recovered and lived a normal childhood. Years later, while struggling to start a family, MIOCA's Survivor-to-Survivor support program connected Meagan with another survivor who shared her own uplifting story of becoming a mother. And in early 2019, Megan and her husband welcomed their first child, Peter!

## RESEARCH

 Through the Geri Fournier Ovarian Cancer Research Awards, **\$150,000 was granted** to three talented researchers in Michigan working to improve treatment outcomes and early detection. **For the fourth year, research money raised in Michigan stayed in Michigan!**

### Ira Winer, M.D., Ph.D.

Assistant Professor  
 Division of Gynecologic Oncology,  
 Department of Oncology  
 Wayne State University/  
 Karmanos Cancer Center  
*The Endoplasmic Reticulum,  
 Cellular Stress and the unfolded  
 Protein Response (UPR) in Ovari-  
 an Cancer Therapeutic Targeting*

### Jose Teixeira, Ph.D.

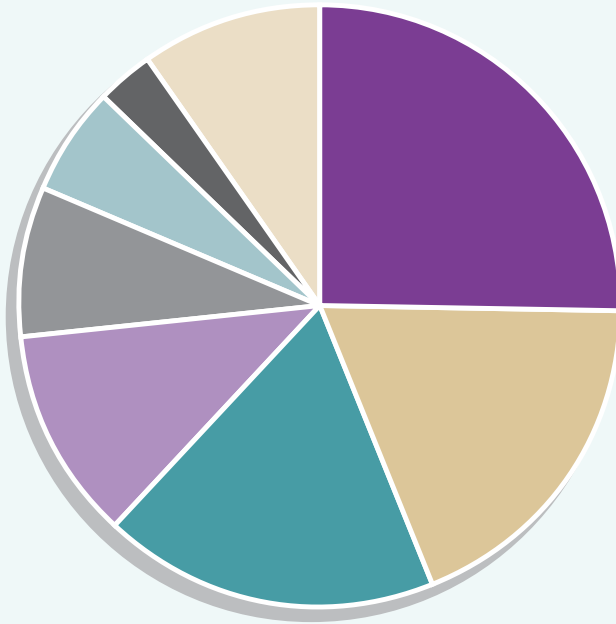

Professor, Ob/Gyn and Repro-  
 ductive Biology  
 Michigan State University  
*Study of the Molecular Mecha-  
 nisms Involved in High Grade Se-  
 rous Progression from Metaplasia*

### John Risinger, Ph.D.

Professor & Director of Gyneco-  
 logic Oncology Research  
 Department of Obstetrics,  
 Gynecology, & Reproductive  
 Biology  
 Michigan State University  
 College of Human Medicine  
*Mitochondrial dysfunction in  
 ARID1A mutant ovarian clear  
 cell cancer*

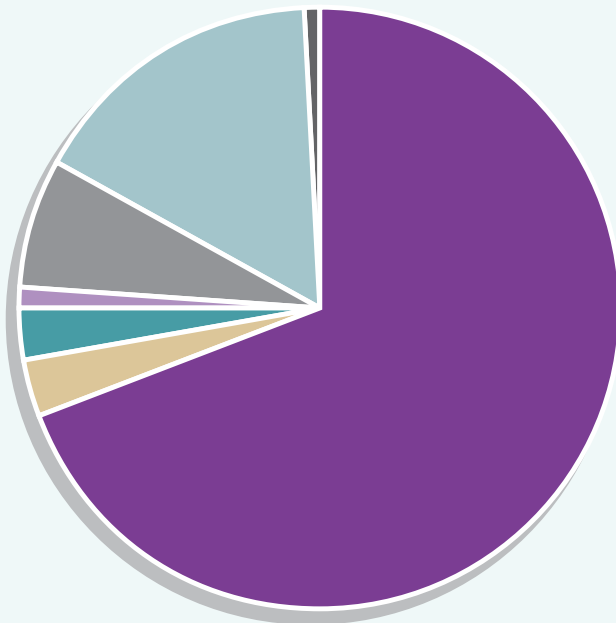

## 2018 FINANCIALS

### Net Income from Fundraising: \$334,273

- \$84,817 Public Donations
- \$62,170 Wheels & Teal
- \$60,117 Teal Attack
- \$38,061 Ann Arbor Mother's Day Run
- \$27,355 Shake Your Teal Feathers
- \$19,792 Teal Track & Trail
- \$10,000 Program Sponsorship
- \$31,959 Other Fundraisers

### Expenses: \$216,111

- \$150,000 Research
- \$6,599 Advocacy
- \$5,603 Awareness
- \$2,489 Survivor Support
- \$15,045 Program Support
- \$35,105 Operating Costs
- \$1,267 Other

## 2018 DONORS

### PERSONAL FUNDRAISING (INCLUDES TEAMS AND FACEBOOK DONATIONS)

**TOTAL \$66,278**
